Mr. Hamilton,

I am very pleased to write this recommendation on behalf of Captain Dana.

My wife and I arrived in Florida 3 1/2 years ago with a boat and almost no boating experience. We were very fortunate to make a connection with Captain Dana almost immediately and our relationship continues to this day.

I believe Captain Dana's ability to communicate the art of boating is unmatched in boat handling, navigation, safety, and courtesy. Her poise, confidence, dependability, patience, and creativity have made and continue to make our boating in Florida a pleasure.

Our support and admiration for Captain Dana is unqualified.

Michael & Marilyn Davenport
